|------------|---|------------|------------|------------|------------|------------|------------|------------|------------|-----------|
| 1          | Represent, model, and create visual information digitally.                          |            |            |            |            |            |            |            |            |           |
| 1a         | in terms of pixels and geometric primitives.  |            | +          | +          | +          |            |            |            |            | +         |
| 1b         | in terms of polygon meshes: vertices, edges, and faces.                             |            |            |            |            | +          |            |            |            | +         |
| 1c         | as a composition of multiple discrete objects (scenes).                             |            |            |            |            | /          |            |            |            | /         |
| 2          | Manipulate and display visual information in 2D and 3D.                             |            |            |            |            |            |            |            |            |           |
| <b>2</b> a | Apply transforms to 2D and 3D objects.  |            |            |            |            |            | +          |            |            | +         |
| <b>2</b> b | Project 3D objects onto a 2D viewport.  |            |            |            |            |            | +          |            |            | +         |
| <b>2</b> c | Perform color and light computations.   |            |            |            |            |            |            |            |            |           |
| <b>2</b> d | Perform clipping and hidden surface removal (HSR).                                  |            |            |            |            |            |            |            |            |           |
| 3          | Use and develop computer graphics APIs in both 2D and 3D.                           |            |            |            |            |            |            |            |            |           |
| 3a         | Animate scenes in 2D and 3D.  |            |            |            |            |            |            |            |            |           |
| 3b         | Implement 2D graphics primitives such as line segments, circles, and polygon fills. |            |            |            | +          |            |            |            |            | +         |
| 3c         | Perform bit-level color manipulation.   |            |            |            | +          |            |            |            |            | +         |
| 3d         | Develop a library of geometric primitives, operations, and matrix transformations.  |            |            |            |            | 1          | 1          |            |            | -1        |
| 3e         | Render a 3D scene using programmable shaders.                                       |            |            |            |            |            |            |            |            |           |
| 4          | Follow academic and technical best practices throughout the cour                    | se.        |            |            |            |            |            |            |            |           |
| 4a         | Write syntactically correct, functional code.                                       |            | +          | +          | +          | /          | +          |            |            | +         |
| 4b         | Demonstrate proper separation of concerns.  |            | +          | +          | +          | +          |            |            |            | +         |
| 4c         | Write code that is easily understood by programmers other than yourself.            |            | +          | +          | +          | +          | /          |            |            | +         |
| 4d         | Use available resources and documentation to find required information.             | +          | +          | +          | +          | T          | +          |            |            | +         |
| 4e         | Use version control effectively.  | +          | +          | +          | +          | +          | +          |            |            | +         |
| 4f         | Meet all designated deadlines.  | +          | +          | +          | +          | +          | +          |            |            | +         |

Pending re-evaluation: HW 0318
